EDUCATION

Ghent University – Information Engineering Technology **2023-2026**

VIVES University of Applied Sciences – Applied Computer Science **2020-2023**

- Graduated Cum laude as a bachelor's in applied computer science with a major in Artificial Intelligence before enrolling in a bridging program at Ghent University.
- Graduated Cum laude as a MSc Information Engineering Technology.
- Was a student representative (2024-2025).

PROFESSIONAL EXPERIENCE

ML6 – Internship **2023**

- **Bachelor's thesis:** Automatic labeling using one- and few-shot learning.
- Successfully completed the ML6 Computer Vision coding challenge, which led to acceptance for the internship. Also completed the ML6 RAG coding challenge.

AVR – Thesis project **2025-2026**

- **Master's thesis:** Real-time detection and classification of potato defects in an industrial, time-critical setting.

PROJECTS

OVER MORGEN – Developer / Team lead **2023**

Participated in a project assigned by the Province of West Flanders called "Xtopia: Bionic Assistant", developing a proof-of-concept household assistant robot. Responsible for AI development alongside classmates; this robot was exhibited at the OVER MORGEN festival at the Provinciaal Hof in Bruges in spring 2024.

- **Communication skills:** Acted as project owner and Scrum Master, responsible for communication with professors and stakeholders and leading team presentations.
- **Team coordination:** Project planning, task management, peer support

TECHNICAL SKILLS

- **Languages:** Python · C · C++ · C# · Java · SQL
- **Tools & technologies:** OpenCV · PyTorch · TensorFlow · Scikit-learn · Kubernetes · Docker · Kafka · Git · GitLab CI/CD · ASP.NET · Spring · REST APIs · Linux

ADDITIONAL INFORMATION

- **Spoken languages:** Dutch (native) · English (fluent) · French (elementary)
